SEAL OF QUALITY

As professional cycling guides we demand the highest quality. Since 2016 we have been working exclusively with Taymory our European kit manufacturer.

Taymory is one of the world's leading and most respected sports apparel manufacturers. The operation is based in Barcelona where all garments are 100% designed and manufactured. The Taymory ticket assures you quality workmanship under the highest of European standards and we are proud to offer our guests a first-class product which offers excellent value for money!

_CYCLING JERSEYS

Short-sleeved jerseys made with Dryin fabric (smooth fit technology). These garments are form fitting, but not restrictive, which quickly wick away perspiration and are ideal for any ride distance. They include a full length, flat, YKK zipper with a 'garage' at the neck to neatly hide away the zip pull and to avoid contact with soft skin. The sleeves and bottom hem are laser cut avoiding any form of wrinkle. There is also just enough silicone on the cuffs and hems to keep your jersey in an ideal position. The jerseys also include an elastic waistband, UV protection on the back and three rear pockets with reinforced stitching.

Weight: 170 grams
 Sizes: XS – 3XL

High performance cycling bib shorts made with Pluton fabric that guarantee functionality and performance over any ride distance. These compressive shorts strike the perfect balance between comfort and technology with optimum muscle support guaranteed thanks to hundreds of mini-honeycomb construction panels. TM Evo chamois padding is incorporated with its flat surface and support inserts creating an innovative solution which has been tested on a large range of professional and amateur cyclists. For added comfort long 70mm cuffs are employed which are laser cut and lined with soft silicone for a close and comfortable fit. The flat brace includes micro-perforated straps with rectangular cells providing maximum elasticity and minimum pressure and back mesh is also included to guarantee efficient ventilation.

Weight: 200 grams
 Sizes: XS – 3XL

_BIB SHORTS

_CAP

Before helmets were introduced professional cyclists typically wore a 'casquette' (French meaning 'cap'). This Sierra cycling cap fits nicely beneath your helmet to shield the head from sunlight and to protect the eyes against rain. The cap is made from Hydroconfortech fabric which guarantees optimal evacuation of sweat.

_GILET

A lightweight cycling vest made with T-wind fabric on the front and perforated UV protection mesh along the back and side panels. This versatile garment is ideal for use on cooler days, during warm-up and to protect your vulnerable torso from wind chill on descents. Thanks to its skin fabric the completely smooth front stops the wind and helps to trap a layer of air against your body to keep you warm. The fluorescent yellow design has been selected for its 'hi-viz' characteristics. The bottom hem also includes a waistband with silicone gripper elastic that prevents the gilet from 'riding-up'. Includes openings in the back to access your cycling jersey pockets.

Weight: 95 grams
 Sizes: XS – 3XL

ORDERING PROCESS

1. Once we receive your order form we will check stock and confirm the status of your order within 48 hours.
2. If we have stock available, we will email you an invoice with our direct transfer banking details (\$AUD or Euro as selected by you). Postage will be charged based on your geographical location. Orders of ≥ 150 Euro receive free worldwide postage.
3. Once your payment clears we will post your package within the next 24 hours. All packages are sent as Registered Post with international tracking numbers that are provided to you via email.
4. If we did not have stock available at the time of receiving your order we will provide information as to expected stock refilling dates.
5. Special Offer - if you send us a photo wearing your gear we will provide a 10 Euro discount on your next clothing purchase. By sending us a photo you give permission to publish it on our Sierra social media channels.

RETURNS & EXCHANGE POLICY

If the clothing you have ordered does not fit or meet your expectation then please feel free to follow our Returns & Exchange process. Simply return your items within 45 days.

Refunds: If you would like a money refund we will begin by reviewing your returned item/s. If everything looks in order (i.e. unused and original labels in place) we will confirm your refund request via email. You will receive a full refund within 14 days of receipt of the returned item/s.

Exchanges: What if the clothing item does not fit? Our exchange policy is simple - just email us stating that you would like to exchange your item for a different size. Before returning the item please wait for our confirmation email regarding whether we have the item in stock. If we have stock available then you are ready to return the item/s. You assume the costs for return shipment. After reviewing the returned item/s, your new order will be posted. We assume the costs for the new shipment.

Guarantee: Taymory, our European kit manufacturer, offers a 3 month guarantee providing you follow the recommendations of use and care provided on the ticket of each garment. To begin the process feel free to contact information@sierrasportsandtours.com.au or call/message +34 679 236 928.
